

The Town of Petersfield: Health Services

We are blessed with a hospital and several doctors and dentists and other health organisations, some commercial companies and others which are charities.

Pray for:

- ... a hospital that offers first aid and several beds for longer term care. For those who work in the hospital in whatever capacity and for those who are currently inpatients.
- ... a new hospital chaplain now that Peter Norris has retired.
- ... several dental practices for the care and treatment that they provide.
- ... chiropractors.
- ... opticians.
- ... the caring agencies who provide home care throughout the town:
 - Back 2 Health
 - Bluebird
 - Treetops
- ... voluntary agencies:
 - Homestart Butser
 - The Rosemary Foundation
 - Macmillan Nurses
 - Age Concern
- ... stamina, wisdom and compassion for all those involved in providing care for those who are ill or injured.
- ... those who provide voluntary help for the elderly, those disabled, those with mobility problems and those who are lonely
- ... support groups who work to provide funding for voluntary health care organisations.

THE ROSEMARY FOUNDATION
HOSPICE AT HOME

 The Home Start logo consists of the words "Home" and "Start" in a stylized, rounded font. The letter "o" in "Home" is replaced by a purple stick figure with arms raised. Below the text, the tagline "Support and friendship for families" is written in a smaller, purple font.

Support and friendship
for families
