

## The Town of Petersfield: Tourism

We are blessed to be living in a beautiful town, surrounded by wonderful countryside and provided with excellent transport links to many interesting cities and towns.

We have a lovely little museum and the Flora Twort Gallery is a delight – there are plans for them to both move into the old police station.

### Pray for:

- ... visitors to Petersfield and the surrounding towns, villages and countryside that they, too, will be blessed by all that they see.
- ... all those involved in the tourism sector in the area: the library and tourist office, hotels, pubs, shops, buses, trains and taxis – that they may be patient and courteous.
- ... the museum and the Flora Twort Gallery, especially as they move to the old police station.
- ... all those who live in Petersfield that they may welcome visitors.
- ... those visitors who enter our churches that they may see them as the House of God and not just another old building.
